

Gus Garrison

August 1, 2024

Ole Gus always had an old soul. His favorite past time was sitting out on the front porch with us or lying in front of the fireplace when we were in the house. He enjoyed catching the cars go by. Of course his very favorite thing was food. He loved to eat. But other things he loved was catching the ball, his squeaky pigs and mama tucking him in and singing a song. Mama loves and misses you so much buddy. I'll never forget you!
