

Panzy Money
July 26, 2024

Panzy was as great a companion as you could imagine and loved to travel. Thanks to God for sending that wonderful little creature our way and it is with much gratitude that we say au revoir to the little heart stealer. She was a rescue and the best dog we have had. We celebrated her 13th birthday on July 4th and I had her for 12 years and 4 1/2 months. She was more than a dog to us and she had the whole package - looks and personality. I will miss strangers coming up to us, taking on over her, and asking if they could pet her - something that she totally enjoyed and always obliged and never tired of. I strongly believe that dogs are here to teach us unconditional love and to remind us that time is fleeting. Panzy did that in a spectacular manner.
